STONY BROOK MEDICINE
CHILD LIFE DEPARTMENT

Attn: Ms. Beartice Haas
Jacie's Kids
PO Box 541
Deer Park, NY 11729

Dear Ms. Haas and Friends of Jacie's Kids:

The Child Life Program wanted to thank you for your ongoing very generous donation to the Child Life Program over the holidays. Celebrations and presents are two of the joys that holidays provide. Play and discovery are integral to the healing process for children. Your gifts provide opportunities for surprise and delight to children and families who are struggling.

When a child is hospitalized the Child Life Program uses your donations to help kids and families to relax, rest and heal. Hospitalized children look forward to the ways in which we can help them feel comfortable and in safe hands. Play and distraction are two of the most important ways that we can help children to cope with pain, illness and difficult times.

You have helped many kids and their families to smile, even while coping with illness and hospitalization. As we continue to work hard to keep our kids and families comfortable, we are comforted by the support of our community friends like you.

Thank you once again for joining with us to support children and their families during difficult and stressful times.

With kind regards,

Joan Alpers, MPS, CCLS, LCAT
Director of Child Life Services
Stony Brook Children's Hospital
